

Skin Activator® Décolletage Cream

AN AGE-DEFYING SKINCARE FORMULA FOR YOUNGER-LOOKING SKIN IN THE NECK AND CHEST AREA.

Skin Activator® Décolletage Cream is a luxurious hydrating cream that helps skin in the neck and chest feel smoother and look more youthful. The delicate skin in these areas becomes thinner as we age and is therefore more vulnerable to developing lines and wrinkles. The non-acid Glucosamine Complex provides instant moisture resulting in effective protection and correction for this fragile skin. Renew and reveal more youthful-looking skin—that people notice—with Skin Activator® Décolletage Cream.

KEY BENEFITS

- Minimizes the appearance of fine lines and wrinkles.*
- Collagen-building Glucosamine Complex aids hydration and firms skin.*
- Visibly increases luminosity and clarity and improves skin smoothness.*
- Improves weak and damaged skin cells.
- For men and women.
- Perfect for all skin types.
